The **BANGOR COURIER** is published at the office of the Daily Whig and Courier, every Tuesday morning, at **One Dollar Fifty Cents** a year in advance, or Two Dollars if not paid in advance.

The publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.

Mr. V. B. PALMER is agent for these papers. Advertisements left with him will be immediately forwarded.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver and bad digestion. On the last occasion, however the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases but the above from the severity of the attack, and the speedy cure I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless.—A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement—August 2d, 1851.

To Professor Holloway,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take exercise without inconvenience or pain which I could not do before. (Signed)

HENRY COE, North street, Lynn, Norfolk.

These celebrated Pills are wonderfully efficacious in the following Complaints.

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints

SCHOOL COMMITTEE'S REPORT

(CONCLUDED.)

No. 4 Union Street. This school like the preceding grammar school, has changed teachers this year. It has been under the care of Miss D. B. Hersey for several years. She resigned at the close of the fall term on account of ill health. She was a thorough and an accomplished teacher. Her school was always in perfect order without any apparent effort on her part. In the choice of her successor, Miss M. F. Richards, we have been very fortunate. She secures good order by mild means, and has a happy faculty of imparting instruction. She already stands high in the esteem of her scholars and their parents, who, we are glad to know, take great interest in the welfare of the school, and a large number of whom were present at the examination. The examination of this school was entirely satisfactory.

No. 5 Union Street. This school was organized last spring. It was composed of 73 scholars taken from the other grammar schools and the select-school. The first term of the school was a total failure. The teacher voluntarily withdrew before the close of the term. His successor Mr. I. W. Coombs, soon made an improvement in the appearance of the school. In respect to diligence, fidelity, method, discipline and self-respect, he is an excellent teacher. He impressed a new character on the school the first week. The school has been kept in a lone, dark and badly ventilated room. We congratulate the teacher, pupils and their parents, on the certain prospect of a speedy escape from it.

SELECT SCHOOLS.

The Select School for Boys has been kept a year and a half by Mr. T. A. Merrill. When he took charge of it, the state of discipline of the school was bad. Mr. Merrill has made in this respect a radical change. It is now one of the best disciplined schools in the city. The proficiency made in the studies is highly satisfactory. The contrast between the examination this year and that of last, is very marked. We exceedingly regret that Mr. Merrill has felt it necessary to resign the charge of the school. At the examination the school room was densely crowded with visitors.

The Girls' Select School, under the charge of Mr. J. E. Littlefield has long been distinguished for its strict discipline and thorough course of study. That the order in it should be good is considered a matter of course. At the late examination classes were critically examined in grammar, arithmetic, and algebra, and gave evidence of close application on their part, and faithful and thorough training on the part of their teacher. The room was crowded to excess during the three and half hours of the exercises, by the numerous friends of the school, and all appeared highly delighted at the promptness and accuracy of the pupils in the several exercises.

The English and Classical High Schools are the highest of the several grades of public schools.

The High School for boys under the charge of Mr. D. Worcester, exhibited at the examination, marks of the patient and faithful labor which the teacher has bestowed on his classes. In the department of the languages the exercises were highly satisfactory. They were creditable in mathematics. The grammar class was not examined for want of time. Much interest was manifested in the composition and declamation. In respect of school spirit, order and general deportment some improvement has been made. We should be glad to impress on the minds of the pupils of this school the importance of self government. The studies are numerous, and as the mind of the teacher is constantly engaged in attending to the recitations, he cannot be expected to keep a strict watch over the whole school. Let each boy only manfully resolve to respect and govern himself, and carry out his resolve, and he will, at once, relieve the teacher of much care and improve the general order and respect of the school. There is too much labor in this school for one teacher. The whole number of scholars belonging to the school the first term of this year was 67, and the last term 58. The classes are very numerous, and it requires nearly as much time for a class of four or five to recite as for one of ten or fifteen scholars. A small class goes over as much at a lesson as a large class. In the languages, a great deal of drilling, especially for beginners, is necessary. In our opinion, the interests of the school require an assistant, and we recommend that one be employed this ensuing year.

The Girls' High School under the charge of Roger S. Howard—Principal.

Miss Chamberlain and } Assistants,
" Snell }

continues to merit and receive the confidence and approbation, of the committee, and of the public. Mr. H. is an accomplished instructer, and by his agreeable and peculiar manner of governing, has gained the respect and esteem of his pupils. The spirit manifested in the department of the young ladies, is such that the school appears as though each scholar felt that its character depended on herself. The limited time allotted to the examination of this school—where there are so many scholars and classes—was not sufficient to give those present an opportunity to witness the progress really made. A large number of classes was not called out. The classes in geometry, natural philosophy, Virgil &c., acquitted themselves to the satisfaction of the committee. Though the room was large and crowded to over-flowing during the four hours of the exercises, the pupils recited and read so clearly and distinctly that all present could hear. The reading was very fine and the compositions were generally written with much care and taste. They were well read.

The assistants have done themselves credit in their respective departments.

Many of the parents and friends of the school, were present at the examination, and we regret to say that many, though the room was so large, could not gain admittance. It may be stated that a beautiful piano-forte has been purchased for the school by the liberality of its friends.

The school was transferred to one of the rooms in the new school-house about christmas. The room is large and commodious. It is furnished with one-hundred and twenty single seats and desks, manufactured by E. & A. Dole & Co. More can be added, as the growth of the school requires it. The arrangement in the room is neat and tasteful, and what is better than all, the room is well ventilated.

The apprentices' school was taught by Mr. E. N. Chamberlain, during the winter, who proved to be a very successful teacher. The order of the school was excellent, and very good proficiency was made by the pupils in their several studies. At the commencement of the school, there were many more applicants for seats than could be accommodated in the room. It was, therefore, found necessary to open another school, and place part of the pupils under the charge of another teacher. Mr. William Bartlett was selected. Many of the boys attending this school were very backward. The classes in geography, made very fair progress, and also those in arithmetic. Mr. B. is a faithful and valuable teacher.

There are 15 schools in the suburban districts of the city, not classified, and 3 at North Bangor, classified.

No. 1 is the school near the city farm. The whole number of scholars registered the last term was 91, while the average was only 40. Much proficiency could not reasonably be expected without a better attendance. The young lady who had charge of it was faithful, but would, doubtless succeed better in a school of less discordant elements.

No. 2 Barkerville. This school for the first time has been taught by a female the whole year. Miss C. E. Emery, the accomplished and efficient teacher gave entire satisfaction to the visiting committee, the summer and fall terms, and so far as we know, to the parents of her pupils. Under these circumstances we felt confident, that she would be more serviceable there for the winter term, than a man who was a stranger to the scholars, and accordingly we engaged her to continue the school. At first, we met with considerable opposition to the experiment. However the "second, sober thought" soon prevailed and the school went on quietly and profitably till the end of the term. It is not matter of surprise, that there was opposition to the substitution of a female teacher, for a man. The idea was new to the people there, and as there had frequently been disturbances in their winter schools, they might reasonably conclude that a female could not govern the school.

It will be recollected by many, who heard Gov. Briggs of Mass., lecture here a year ago, on the subject of education, that he stated that the greatest improvement which had been made on that subject in his state, was the substitution of female for male teachers, in the district winter schools.

In the city of Worcester, female teachers are employed both summer and winter in most of the district schools, and with great success. In speaking of one of these schools the committee say, "it is often said that *large boys* cannot be managed by females. The experience of the two past years refutes this objection. This school has *never* been more harmonious and successful than under the present teachers."

In another place, the committee while commenting on the advantages of this change in several of their schools, say: "This permanent arrangement has given the highest satisfaction in all the schools where adopted, and the board believe that all the troubles in relation to their teachers, which have existed in several of the other schools will be speedily forgotten, whenever the new system shall be adopted."

"This plan gives several weeks more schooling in a year without additional expense and saves most of the time usually lost by a new teacher in becoming acquainted with the scholars."

We suggest to our successors to give this subject its due consideration.

No. 3 is a primary school in Barkerville taught 11 weeks by Miss E. A. Bartlett. She was an assiduous and faithful teacher and gave great satisfaction.

No. 4 in the Odlin District. The summer school in this district was fair. In the winter school, there appeared to be a lack of energy in governing, and of thoroughness in drilling the classes. The school is small, registering only 35 scholars.

No. 5 in the Tyler District. This is also a small school, registering 38 scholars, with an average of only 19. We were fortunate in getting good teachers for both summer and winter schools. At the examination the scholars appeared to have made satisfactory progress, and the government of the school was good.

No. 6 Avenue Road. The school-house in this district was moved in the early part of the year about half a mile above the old location, and part of the scholars that have usually attended school there, have been transferred to the school on the Levant road. The average number of scholars was about 20. The school is quite backward, and needs an energetic teacher to bring it up.

No. 7 Levant Road, Wiley District. The number of scholars in this school has been increased by the transfer of those from the Avenue school. It was taught last winter by Mr. Blackwell. He succeeded much better in teaching the higher branches than the lower ones.

No. 8 Hatch Hills. Miss S. A. Dudley has taught this school, both summer and winter. It is one of the best schools, of the same grade in the city. Miss D. is admirably adapted for a teacher. She governs well and teaches thoroughly.

No's. 9 and 10, are small District Schools on Lime and Essex Streets. The people in both these districts take much interest in their schools. We were fortunate in the selection of teachers, and the schools have been highly satisfactory to the committee and the districts.

No. 11 Osgood District. The summer school was taught by a young and inexperienced teacher, and did not meet the wishes of the district, or the approbation of the visiting committee. The young lady is well calculated for and would doubtless do much better in a small school. The winter school was kept by Mr. Emerson and the school under his care, made fine progress. He has succeeded in awakening a new interest in the school and district.

No. 12 Finson District. This is a newly organized school. The greatest number of scholars attending it was 28, with only 16 on an average. It was commenced late in the season and made but little progress.

No. 13 Burleigh Hill, is a small school, only 30 scholars belonging to it. The summer term was taught by a young lady who had had no experience in teaching. She failed to give entire satisfaction.

Miss S. P. Tyler taught the winter term. She is a good disciplinarian, and the district were well satisfied with her school.

No. 14 Six Mile Falls. The summer term of this school was under the care of Miss S. E. Farrington, who kept an excellent school. Mr. Wm. Stone commenced the winter term, and had kept only about seven weeks, when it was brought to a sudden termination by the burning of the school-house. The whole number of scholars was 72, the average 45.

No. 15 Mount Hope. Miss A. B. Allen had charge of this school during the summer term. She succeeded very well, considering this was her first attempt, and the school very large. Mr. J. R. Farrington awakened new interest in the school during the winter term. A marked advance was made over previous winters.

North Bangor. Only two schools were opened at this place during the summer term. The primary school was taught by Miss L. A. Wasgatt, and the other by Miss M. A. Rich. Very satisfactory reports were made of both of these schools.

During the winter term, there were three schools. The grammar school was taught by Mr. J. A. Blanchard, the intermediate by Miss J. P. Pitcher, and the primary, by Miss M. C. Stockman. The visiting committee having charge of these schools, speak in highly commendable terms of them all.

The whole number of scholars belonging to the public schools during the year, was in the summer, as registered, 3,709, in the winter 4,106. The average attendance was in the summer 2,758; in the winter 2,890. From the whole number registered a deduction should be made on account of the transfer of scholars from one school to another in term time and of which no record is kept. Perhaps it will approximate to the fact as near as practicable, by subtracting 100 from the summer and 150 from the winter registers. The average attendance should remain as it is, as that is not affected by the transfers.

It has often been stated, and should be repeated here that the irregular attendance of the scholars, is the greatest obstacle to the progress of the schools. In some of the schools, the average attendance is not much over one half of the registered number. In these schools but little progress is made. If every scholar would attend every day for twenty weeks in the year, a much greater advance would be made than now is made. We shall despair of seeing our schools brought up to the desirable standard until this evil is corrected.

Several new school houses will be needed the ensuing year. One has already been ordered to be erected near the junction of the Cram and Fuller roads.

The house in the six-mile-falls district was burnt last winter after the school had been kept about six-weeks. There had been a singing school in the house on the evening it was burnt. One of the committee visited the neighborhood the next day but was unable to get any particular facts as to the cause of the fire. The house was an old one, but it would have answered for several years.

The attention of the city council has been called in the last two or three annual reports, to the pressing want for new houses on Pearl street and in Barkerville. The house on Pearl street was examined some three years ago, by a carpenter, and decided not to be worth repairing. All parts of it, are in a dilapidated state. One school in that street has already been discontinued and the scholars transferred to the schools on State street. As a consequence one of the State street schools is inconveniently crowded. The people in the neighborhood of these houses have not been clamorous, but have patiently waited their turn. Whenever a house is erected there, it should be similar to those built in former years for the accommodation of two schools.

The house in Barkerville is also, in a bad condition. In its present state, it is not a suitable place for a school, and it could not be put in a thorough state of repair, without the expenditure of several hundred dollars. Besides in the winter season, two schools are required there, and this house repaired will accommodate only one. A two story house will, therefore, be needed in this place. Should the present location be selected for the new house, it will be necessary to purchase a lot adjoining, as this lot is only 50 by 100 feet which is much too small for two schools. We are informed that an adjoining lot can be purchased at a very moderate price. We bespeak for them a lot of liberal dimensions.

We recommend for your consideration the expediency of erecting these three houses this year, the cost of which including stoves, will probably not fall below $5000, and may possibly exceed that sum.

The schools on Hudson street are crowded to overflowing. It is impossible that the scholars especially, in the primary school, should learn much until the school is reduced in numbers. Could that old house near the junction of Court and Hammond streets be repaired, it would relieve these schools of their crowded state for two or three years. Whether it is expedient to do this, will depend on the question how long the lot can be used for the purposes of a school. It will probably cost between two and three hundred dollars to repair this house.

It is the opinion of the committee that the female teachers are not sufficiently remunerated for their services. They have responsible and arduous duties to perform. As a class, they perform these duties with great fidelity. The compensation of the annual teachers, with two exceptions is from $3,50 to $4 per week, during the 41 or 2 weeks they are employed. After deducting their board, they have left on an average from $2,00 to 2,25 per week. During the 10 or 12 weeks of vacation they cannot be expected to engage in any business. It requires about the whole vacation to recruit in, after a long term of hard labor and exertion in one of our large schools. The compensation is much less than in any place of this size within our acquaintance. A few years ago, a young lady in one of our schools left and went to Worcester, Mass. She could not have received more than $168 for services here. There she has a regular salary of $275 a year.

We mention to you this case in confidence, desiring that it should not be known, lest others should follow her example. In our estimates for the ensuing year, we have included a sum which will enable them to receive on an average $4 per week, though it is not proposed to give each one just that sum.

The sum of $13,100 was appropriated for schools the present year, and the City's proportion of the Bank Tax was $851,91, making $13,951,91. The sum expended is $13,531,31, leaving a balance of $420,60 which by a vote of the City Council is transferred to the school house fund, this last fund being over drawn. Of the expenditures, for schools, $11,467,36 were paid for teachers' salaries, the remainder for repairs, wood, books and other incidental expenses.

If the Council concur with us in our recommendation of teachers' salaries and the employment of an assistant in the High School for Boys and an additional one in the High School for Girls, it will be necessary to raise the sum of $14,300 for the support of the schools the ensuing year.

This is a large sum of money, and to some it will, doubtless, appear extravagantly large. But as compared with the sum expended on schools in other places approaching Bangor in the number of scholars attending school, it is not large. We will take one case to illustrate this position. In the city of Worcester the whole number of scholars in the summer schools, was 2,867—in the winter, 3,073, while in our schools, the number in summer was 3,609, and in winter 3,956. Their average attendance during the same terms, was 1,954, and 2,121; ours was 2,758 and 2,890. The sum expended there for the salaries of teachers was $18,705, whereas the sum expended here for the same object, was only $11,467,36. It thus appears that, we have over 800 more pupils in school than they have, and expend some $2,200 less, than they do, for salaries. The wages of female teachers are higher in many villages in this vicinity, than in Bangor. Teachers whom we employ, could get higher compensation at home, but they are induced to come here, for the sake of more constant employment. If we do not pay too high salaries, and we believe the public will concur with us that we do not,—and do not have too many schools, and the crowded state of most of our schools excludes this idea, a little use of the fundamental rules of arithmetic, will lead any one to the conclusion that the sum recommended is reasonably small.

In conclusion, we may be permitted to add that the public schools in this city were never in a more flourishing condition. The teachers have devoted themselves faithfully to their duty. No class of persons deserve better of the public. To them is committed the highest and most sacred trust of community and they need the confidence, the encouragement and the sympathy of the public, to enable them successfully to discharge that trust.

" paid bills for year 1851, amounting to	1,100 18	
		$7,548 05
Amount unexpended,		$568 49

The number of paupers resident in the Alms House on the first day of March, 1852, was 27. The number admitted during the year was 71—making the whole number 98—of whom 31 were American, 56 Irish, 4 Provincial, 2 English, 3 Scotch, 2 Prussian. Males 69, Females 29, which is an increase from the previous year of 16. The number of days residence has been 12,532, being an increase from the previous year of 5,112 days, and averaging almost 35 per day. The number resident in the Alms House on the first day of March, 1853, was 38. For particulars relating to the inmates, we ask attention to the accompanying Schedule marked A.

The number of persons in the House of Correction, on the first day of March, 1852, was 6. The number committed during the year was 55—making the whole number 61—of whom 25 were American, 32 Irish, 1 Indian, 1 Scotch, 1 Canadian, 1 English.—Males 46, Females 15—an increase of 26 over the last year. 36 were committed for drunkenness, 11 for larceny, 3 for nightwalking, 4 for assault and battery, 1 as a common pilferer, and 9 on account of insanity. The whole number of days board was 4,137, an increase from last year of 2615 days, and averaging a little over 11 per day. The number in custody on the first day of March, 1853, was 23.

The aggregate number of days board in the Alms House and House of Correction, has been 16,819—a fraction over 46 per day.

A particular account of the names, age, crime, and days confinement, can be seen by referring to the annexed Schedule marked B.

It may be remarked in this connexion, that the Alms House is well supplied with clothing and bedding; and the farm with stock and tools. For an inventory of the personal property, we invite attention to the Schedule marked C.

Notwithstanding the average number supported at the Alms House has exceeded that of any previous year, yet in carrying into effect the benevolent intentions of the law, in affording "comfort and relief" to those who have fallen into distress, we have been under the necessity of rendering assistance out of it, in 84 different families. Of these, 42 were American, 34 Irish, 3 French, 1 Scotch, 1 English, 1 Provincial, and 2 African. The whole number of individuals thus assisted, in a greater or less degree, has been 309. Some of these families, on account of protracted sickness, have received a large amount. Many others have received a trifling sum, while others have only been supplied with wood during the cold season.

The immediate care of the Farm, Alms House and House of Correction, has been under the superintendence of Mr. Jonathan Gilman and his wife. They were under an engagement with our predecessors, for the first half of the year, at the rate of $350 per annum; and we were able to make a further engagement with them for the balance of the year only, at the same compensation. Their engagement will terminate on the fourteenth day of April next.

The responsible and often unpleasant duties devolving upon the Superintendent, have been discharged in a judicious, efficient and very faithful manner. Those members of the City Council who have made frequent visits to the Alms House during the year, will bear testimony to the neatness of the apartments, and the cleanliness and generally correct deportment of the inmates.

The City Physician, will, doubtless, give you an account of the sickness and mortality, which have occurred during the year, among the Poor of the city, who have made application to the Overseers for assistance. Of the performance of Dr Morison's duties, it is not necessary to say a word; but we feel that we cannot do less than to bear our willing testimony to his promptness and his faithfulness, in answering the calls of humanity, at all times, when applied to by the Overseers of the Poor.

To afford employment to the team, and those of the inmates who are not incompetent to labor, the Overseers contracted for a lot of standing wood, a short distance from the city, at $1,37½ per cord for the hard, and 62½ cents for the soft, which has been chopped and hauled. There are 101¾ cords of the soft wood piled on Davenport Square, which is intended for distribution; and 51 cords soft, and 42½ cords hard, piled at the Alms House, intended for cooking purposes, and for warming the Superintendent's house. The bill for stumpage and surveying, however, amounting to $160 07 has not been paid, as the hauling was not completed in time to get the bill before the Committee on accounts, at their last session for the year. We believe this is the only bill outstanding against this Department, contracted previous to the first day of March, 1853, but none of the wood will be required for use before another autumn.

Our immediate predecessors having recommended an appropriation for repairs and improvements on the buildings at the farm, the Mayor, in his annual address, called the attention of the City Council to the subject. Their final action in the matter resulted in the passage of an order, instructing the Overseers of the Poor to carry into effect the contemplated repairs and improvements.

In conformity to these instructions, the difficult and perplexing duty has been performed according to their best judgment. The principal improvements consist in removing and repairing the barn, sheds and other out-buildings—in enlarging some of the apartments and creating several additional ones, including a large and convenient kitchen, and a spacious dining room—in erecting a permanent building for a wood and storehouse, with a vegetable cellar under the same, suitable for the present necessities—in enclosing two yards connected with the Alms House and House of Correction, (each 85 by 68 feet,) with a durable stockade fence—in grading the grounds as to give a thorough drainage from the buildings to the brook—in slating the roof of the Alms House and House of Correction—in removing the decayed wooden caps and sills of the windows in the Alms House and replacing them with granite, and in setting a coal furnace in each wing of the main building, for warming the establishment, having a due regard to ventilation, and the health of the inmates. The whole amount drawn from the contingent fund to meet this expense, is $3,939 20. The sum expended is somewhat larger than was at first estimated; but in the progress of the work it was found absolutely necessary to do many things that could not be taken into account in making an estimate for repairs.

We are not prepared to say, that after this large expenditure, the buildings and arrangements are just what we should recommend for the purposes for which they are occupied, were we building entirely new ones. Yet, as the principal buildings were there, and, as repairs were necessary, and as some new method of warming was to be adopted—when we take into consideration the fact that the alterations made, have given a free circulation of air between all the out-buildings and the dwellings—the opportunity for the inmates to breathe the pure air, without leaving the yards, and yet be perfectly secure—and have made great improvement in the bathing, cooking and eating departments, and also one quite as important in the arrangement of the rooms for religious exercises on the Sabbath; we can but express our belief that the outlay has been wise and economical.

CHARLES HAYWARD, } *Overseers*
J. W. HUMPHREY, }
ISAAC W. PATTEN, } *of the Poor*

SCHEDULE C.

An account of Stock, Tools, Provisions, Clothing, Furniture, &c. at the City Farm and Alms House, March 1st, 1853.

1 Horse,	[illegible] New Pails,	2 Planes,
2 Yoke Oxen,	[illegible] tons Straw,	1 Spoke Shave,
5 Cows,	[illegible] good Hay,	1 Draw Shave,
4 Shoats,	[illegible] do poor Hay,	1 Level,
1 Phæton,	[illegible] Oats,	[illegible] Tape Measure,
1 Wagon,	[illegible] Wheat,	1 Reel and Line,
1 Sleigh,	[illegible] Beans,	[illegible] cords Hard Wood
2 Harnesses,	4 [illegible] Peas,	[illegible] do Soft Wood,
2 Buffalo Robes,	[illegible] Carrots,	[illegible] box Hard Soap,
1 Horse Sled,	[illegible] Beets,	[illegible] bbls. Soft Soap,
2 Ox Sleds,	1 [illegible] Onions,	4 Wool Frocks,
2 Ox Carts,	100 do Turnips,	4 Green Jackets,
2 Wheel Barrows,	250 do Potatoes,	1 Sack Coat,
2 Hay Rakes,	9 bbls Flour,	6 Russia Caps,
3 Ploughs,	4 do Wheat Meal,	2 prs. Casmr. Pants
3 Harrows,	3 do Corn Meal,	9 do Satinet do,
3 Ox Yokes,	[illegible] lbs. Rice,	8 do Wool Drawers,
4 Chains,	500 do Haddock Fish	14 Drilling Frocks,
6 Manure Forks,	200 do Dried Apples	12 prs. Overalls,
6 Hay "	80 do Butter,	6 Cot. Flan. Shirts,
12 Hay Rakes,	12 do Lard,	4 prs. Cot. Flannel Drawers,
1 Garden Rake,	20 do Tea,	
6 Shovels,	50 do H. B. Sugar,	20 strip'd Cot. Shirts
2 Spades,	20 do Tobacco,	42 yds. Denims,
6 Hoes,	2½ bbls Mess Beef,	32 do. Cot. Flannel,
2 Iron Bars,	1½ do Clear Pork,	10 do Linsey do
3 Pick Axes,	1½ do Vinegar,	3 pairs Slippers,
2 Grind Stones,	10 gallons Oil,	1 pr. Calf Shoes,
5 Scythes,	12 do Molasses,	2 prs. Men's Boots,
5 Snathes,	6 Augers,	" " Shoes,
4 Wood Saws,	2 Hand Saws,	1 " Boys Boots,
1 Straw Cutter,	1 Nail Hammer,	4 " " Shoes,
3 Ladders,	1 Stone Hammer,	10 Tons Coal,
2 Casks Lime,	4 Drills,	30 bush. Charcoal.

The furniture in the Superintendent's House, is the same as reported last year, with the addition of one Oil Carpet, and one Air Tight Stove.

Whig and Courier.

John S. Sayward, Editor.

WEDNESDAY, MARCH 30, 1853.

☞ The following law is now in force in [the] State and those who violate its provisions [are li]able to its penalties It is a stringent law [tha]t seems to have been generally called for by the trading community and by the people at large, who too often found their dwellings turned into retail shops by travelling dealers either in samples or in goods in bulk This law checks the whole matter in the head and [illegible] onment for three weeks would drive every foreign pedlar and sample dealer from the State. The law was approved by the Governor on the 26th day of February last.

STATE OF MAINE.

In the year of our Lord one thousand eight hundred and fifty three

[An Act] to amend chapter two hundred of the [Laws] of Maine, approved July thirtieth, eighteen hundred and forty six entitled an act relating to hawkers and pedlers.

Be it enacted by the Senate and house of Representatives in Legislature assembled, as follows:

Sect. 1. The two hundredth chapter of the laws of Maine, approved on the thirtieth day of July, eighteen hundred and forty six is hereby amended by striking out the first section and inserting the following, so that the same, when amended, shall read as follows

Sect. 1. Every hawker, pedler or petty chapman or other person, not having been five years a citizen of this State, who shall hereafter travel from town to town, or from place to place in this State or from place to place within any one cities or towns in this State on foot or with a horse, carriage or by any other public or private conveyance, carrying for sale or exposing or offering for sale any goods, wares or merchandize whatever or carrying exposing or [illegible] samples or specimens of any goods wares or merchandize, for the purpose of selling goods, wares and merchandize similar to, or of the kind or description to such samples or specimens shall forfeit for each offence the sum of not less than fifty nor more than two hundred dollars, together with all articles and merchandize thus as aforesaid carried or exhibited or exposed for sale, to be recovered by complaint or indictment, one half to the town where the offence is committed, and the other to prosecutor.

Sect. 2. The fourth section of said chapter is amended by adding after the words 'United States' the words and of this State so that the same when amended, shall read as follows

Sect. 4 No person shall receive license under the provisions of this act, until he shall have proved to the satisfaction of the county commissioners that he sustains a good moral character, that he has been five years a citizen of the United States and of this State and that he resided in some city town or plantation in the county where he shall apply for license aforesaid for the term of one year, next preceding the time of such application and no license granted by this act shall be assigned or transferred without the consent of the county commissioners by whom such license was granted.

Sect. 3. This act shall take effect and be in force on and after its approval by the Governor.

☞ [The Whi]gs of Portland, made an attempt [a few] evenings since, to make a political [nomination] for Mayor of that city but the [meet]ing though very numerously attended [was d]etermined not to adopt a compromise [candid]ate on the temperance question The [friends of] Mr Dow, were determined to run [him, a]nd late, and no nomination was [made].

An offer was [illegible] to adopt James B Cahoon Esq in place of Mr Dow, as the candidate but the offer was rejected Mr Cahoon [is an a]cknowledged temperance man and has [shown hi]mself a faithful officer as Mayor of [illegible] but the friends of Mr Dow, felt [it] was due to him and due to themselves, [to vin]dicate him from the charges which have [been m]ade against his former administration, [and to] show that their confidence in him had [illegible]

[The c]ontest at the election will be anything [but cordi]al and while we firmly believe that [the char]ges made against Mr Dow, are without foundation we cannot but regret that in the [present case t]he cause of Temperance is likely to fare [illegible] would under different auspices

---

☞ [The] New York Express states that the [illegible] in that city of Father Gavazzi as a [illegible] upon the practices of the church of [Rome] is to lead to much agitation and excitement [It is] pretty certain that the Catholics [are determ]ined upon having a contest on the [occasi]on and the appearance of Gavazzi [in publ]ic is likely to rally around him powerful Protestant elements and to develope them [to their] full extent. The Catholics were never [so pow]erful in New York as at present.—[Churc]hes are going up in numerous directions, [with] schools attached, which indicate prosperity and wealth. Many of the very best sites [on the] island are in their possession, and they [will] be able to purchase many more—[Wh]ence they obtain the wealth, considering the [fact] that the immigrant population, who come [here p]oor, make up in the main their congregations is a puzzle to all observers.

☞ [A b]itter sectarian war is raging in Ohio, [The] papers are filled with calls for public [meetin]gs in different parts of the State The [contest] is between Catholics and Protestants, [arisin]g out of the alleged opposition of the [Catholics i]n the public school system, there. The [Irish] and Germans in Cincinnati are said to take [the Cat]holic side. They say, they wish the [priest to] be their *instructor* They demand, also, [that] whenever, say thirty children of parents having the same faith, are brought together in one school, the parents shall have the right to choose a teacher who shall be installed, the course of study to be decided by the School Board but the text-books to be selected by the parents. The Protestant and those that generally think the school laws are well enough as they are,—if let alone,—unite in common resistance to the proposed change.

☞ The Washington correspondent of the Journal of commerce states, that the President has stated, in reply to applications in regard to the Diplomatic appointments, that he will make no arrangement in regard to them, till June; He will then make the necessary appointments

☞ A Wall street banker asserts in the New York Courier, of Saturday, that a crisis is fast coming on under the present working of the General Banking Law of that State.

☞ The Washington correspondent of the New York Evening Post, writes that some of the President's appointments have too whiggish an aspect, and cites John Randolph Clay's appointment as Minister to Peru, Theodore S Fay, Minister to Switzerland, A. Dudley Mann, Assistant Secretary of State, the retention of Fletcher Webster as Surveyor in Boston, and others. The Post's correspondent says—"The politicians, of course, complain of this, as they do of the alleged preferences shown by the President to the military, and especially to Mexican campaigners. The consequence of this is, that all the whig subordinates expect to stay in, and that people here invariably call each other colonel, or by some other war like appellation'

☞ The Missionary Herald contains an interesting account of the settlement of Rev Mr Snow of Brewer, and his wife, on Strong Island, as a Missionary on the Micronesia station King George resides upon this island. He has a high tone of feeling on moral subjects, such as intemperance, breaches of the seventh commandment, &c He has adopted and enforces very strictly the Maine Law No intoxicating spirits are allowed to be made on the island, or brought on shore from ships He has utterly refused to have Cocoa nut tree tapped, on account of the intoxicating drink which may be made of the sap He prefers that his people should have the nutritious food of the fruit instead of the intoxicating drinks

☞ Accounts from Washington represent that there is no little jealousy existing in the different sections of the administration party and that confidence in the good intentions of Gen Cushing has been destroyed Mr Cushing is represented as watching very narrowly the course of Mr Marcy in the Cabinet for the purpose of getting him into a corner where he may give him a trip and secure the place and the influence for himself The seeds of discord in the administration are already sown, and a plentiful crop of discontent conflict and opposition will doubtless result

A DISCOURSE OCCASIONED BY THE DEATH OF DANIEL WEBSTER PREACHED AT THE MELODEON ON SUNDAY, Oct 31, 1852 By THEODORE PARKER Boston BENJAMIN B MUSSEY & Co, 1853.

We have before us a large, handsomely printed pamphlet in which the author has gathered up far and near, by way of enlarging his discourse every fact and incident every suggestion thought and suspicion in order to lessen the reputation of Mr. Webster It is a strange production and follows up the suggestions of the original discourse with singular perseverance, industry and malignity We shall endeavor to return to this subject again at no distant day in the mean while the pamphlet may be obtained at Bugbee's Book store

PUTNAM'S MAGAZINE FOR APRIL

We have received from Mr E P Duren, this popular, spirited and robust Magazine for April Its articles are life like, well written and interesting The public buildings of New York are well pictured and described, and the number generally maintains the high reputation of the Magazine which, since January, has run up an edition of thirty thousand copies and is on the increase The publishers have secured the best talent of the country to fill its pages and the writers show that they wield vigorous pens

☞ We notice among the recent appointment of Cadets to the Military Academy, the name of George H Weeks of Orono from this District and that of Augustus G Robinson, in the Seventh District. These Cadets were appointed by the out going administration on the recommendation of members of Congress of the several districts Those appointed are required to report at West Point on or before the 20th of June next

☞ At a fire in Richmond on Sunday night, a slave in the fourth story of a house, finding all chance of descent cut off leaped from the window to the ground, a distance of over fifty feet. He came down feet foremost, struck upon his feet, and fell upon his face. No bones were broken, and he only suffered from the jar of the fall

☞ Capt J D Wilson of the steamer Sierra Nevada who died at Tobago near Panama was a native of Belfast. He was formerly commander of the steamer Hermann, and was harbor master of N York under Gov Wright He was a good seaman and was universally respected He leaves a wife and several children

☞ After great agony the Hard Shell locos of New York, made their ultimatum to the President that Mr Schell should be appointed Collector of New York, or they would make war on his administration Mr Schell was appointed

☞ Dahlia and Gladiolus bulbs should now be placed in the hot bed or in a box or tub with vegetable muck or light soil, where they will sprout without danger of being touched by the frost

☞ E F Crane Esq the Commissioner of Agriculture is to deliver a discourse on Friday next, at the Kenduskeag Union meeting house in this city on the Pushaw road Every body is invited to be present

☞ Strikes for higher wages have become very common this spring, among the mechanic trades in Baltimore, Philadelphia, and New York. The average amount of wages demanded is about two dollars a day.

☞ Book-seller of Washington has sold the past week upwards of one thousand copies of his List of Offices in Washington, with the Salaries annexed.

☞ The grand festival of the Sons of New Hampshire will take place on Thursday, tomorrow evening. Tickets may be obtained of either of the committee of arrangements.

☞ The Portland Advertiser speaks in highly complimentary terms of the appointment by the President of Hon. Hugh J. Anderson, as Commissioner of Customs.

☞ Ripe and delicious [illegible] have made their appearance in Mobile.

Later from California.

New York, March 28

Steamer Georgia arrived this evening, with two hundred passengers and about $2,000,000 in gold

Panama is healthy.

News from the mines was favorable. There have been copious rains recently

Among the deaths on board the Winfield Scott, were George Batchelder, Major Henry Crocker, and G W. Jones, of Maine

Later From Europe.

Steamer Franklin, from Havre, arrived at New York, on the 28th inst.

Marshal Haynau died on the 14th of March.

It is denied that Mazzini escaped on board the English frigate He is supposed to be secreted in Piedmont

☞ There is a rich editor in New Hampshire! He made his money by practicing the strictest economy He always writes his editorials on a slate.

☞ A wiry Jack Tar attracted attention yesterday afternoon, in shinning up the beautiful topmast of No 6 Engine Company, for the purpose of reeving the halyards.

Thomas P Pierce, 2d Lieutenant in one of the companies of the New England Regiment in Mexico, has been appointed Postmaster at Manchester, N H.

☞ Remember that when three persons walk together the middle is considered the place of honor after it the right hand

One county in Virginia produces, nearly a quarter of a million dollars worth of pea nuts

A French author calls the Yankee a well developed exclamation point!

☞ Bank bills of the Providence banks, for $1 25 $1 50 and $1 75 have made their [illegible] and are in circulation in New Bedford and other places

For the Whig and Courier

The State Pattern Farm No 2

To the members of the Legislature of Maine

GENTLEMEN —The State Farm is to be a Stock Farm The pattern cut out for your adoption is a very common concern and very defective The defect consists in having too much land for the Stock On this three hundred acre State Farm, it is proposed to keep 2 horses, 17 head of neat cattle 33 sheep, and 9 swine Now gentlemen, compare this pattern with the Dishley farm in England, half a century ago This farm is situated in the county of Leicester and contains 410 acres, and was cultivated by Mr Bakewell as a tenant The stock kept upon this farm was 60 horses 400 large sheep, 150 horned cattle and had generally 15 acres in wheat, 25 in spring grain 110 acres was annually under the plough so that every four years the whole farm was ploughed manured and re seeded to grass This farm is about one third larger than the proposed State farm, and to show how the patterns compare we will reduce Mr Bakewell's stock one third, and the amount will stand thus —

	State farm	Dishley
Horses,	2	40
Horned Cattle	17	100
Sheep	33	267

On the State farm we have 52 animals, and on the Dishley four hundred and seven The stock on the State farm, is to consist of foreign breeds but they will not be superior to the stock of Mr Bakewell So celebrated were Mr B's sheep that he rented his bucks, by the season for one thousand guineas, each The other stock on the farm, was as celebrated as the sheep

Mr Bakewell it is said is remarkably attentive to the point of wintering his cattle All his horned cattle are tied up in open or other sheds all winter, and fed according to their kind on straw, turnips, or hay The lean beasts have straw alone young cattle, which require to be kept in a thriving state, and fattening ones, are fed on turnips and in the spring, when the turnips are gone, hay is their only substitute by these means, he is enabled to keep a large stock His method of littering horses and cattle, not only renders the animals so much more warm and comfortable, as to lessen the expense of food but greatly increases the quantity of manure, by preparing 10 or 15 cords of long manure to each animal, in a winter, so stabled and littered, either with coarse hay or straw &c and thereby furnishing the means of saving the whole (or nearly) expense of wintering, in the next year's tillage

This account gentlemen, is copied from the practice of a man who lived in a dark age, and foggy climate, and is not introduced as a pattern to be followed on *our farm* Only think of the expense of carting and spreading and ploughing under, *two or three thousand cords of manure annually* Science has taught us better By using *chemical manure*, we save the expense of feeding and tending so many cattle and we avoid the offensive smell of the ammonia, which ascends from the manure heaps

But, gentlemen, it is not my purpose, in this paper, to dwell upon the pattern of the farm, in any of its details, but to call your attention to the place of location I am anticipated One of your number has moved the enquiry, of the propriety of connecting the State Pattern Farm with the State Reform School It is a capital idea, and has my hearty approval But, I beg leave to suggest one other improvement, and that is, that the State House be located on the same grounds It is my opinion, and I think it will be sustained by nine-tenths of the masses of the people, that no better service could be rendered to this State, and no better example given to the world than by sending those who *seek*, and those who *obtain* the privilege to serve the public, at the public expense, to a *reform school*. And I would place this combined institution, in charge of the Ex-Governors of the State, to ensure prudence and economy in expenditure To hold office for life, or during good behavior, and have the privilege to append to their names, the letters, D E R. to signify, Doctor of Economy and Reform.

Your ob't serv't,

A GLENBURN FARMER.

V. B. PALMER, American Newspaper and Advertising Agent, is the only authorized Agent for this paper in Boston and Philadelphia. [illegible] also our Agent in New York. [illegible] Scollay's Building, Court Street, Boston; Tribune Buildings, New York; [illegible]

LEGISLATURE OF MAINE.

IN THE SENATE

Augusta, March 25

Finally passed—Act to incorporate the Augusta Boot and Shoe Manufacturing Company, to incorporate the Newport Steam Navigation Company; to incorporate the town of Veazie; to amend sections 7 and 8 of the Revised Statutes.

Mr. Marty, from the Penobscot delegation reported leave to withdraw on the petition of Wm H McCrillis and al for increase of salary of the Judge of the Police Court, in the city of Bangor

The bill to amend the Maine liquor law came up by assignment on its passage to be engrossed

All the amendments of the House were adopted.

Mr. Cary took the floor and spoke at length against the bill and the Maine law in general, declaring that it was a whig measure, and was to be made the rallying point of the next State election!

Mr. Chase moved to lay it on the table till to morrow morning, as he proposed to discuss the bill

After remarks from several Senators, it prevailed, and the Senate adjourned

IN THE HOUSE

Resolve appropriating $500 for repair of Canada road, was explained by Mr Morse of Bath, and advocated by Messrs. Sewall of Oldtown, Davis of Chelsea and Tabor of Houlton —After some remarks by Mr Chapman, the resolve was passed to be engrossed

Mr Morse called up the resolves in favor of stipulated arbitration as a substitute for war, and they were passed to be engrossed

Finally passed—Bills to incorporate Augusta Boot and Shoe Manufacturing Co, to incorporate the town of Veazie to incorporate the Newport Steam Navigation Co to amend chapter 78, sections 7 and 8, of the Revised Statutes

Mr Libby of Albion called up the bill additional to 151 of the Revised Statutes, relating to the fees of register of deeds It gives registers fifty cents for recording each deed or mortgage, and twenty five cents for each assignment

Mr Sewall called for information

Mr. Paine of Hallowell explained the bill

Bill passed to be engrossed

IN THE SENATE

Augusta March 26

On motion of Mr Stark the bill to amend the Maine liquor law was taken up and Mr Stark said he wished to offer a few amendments

Mr Chase thought the floor belonged to him

Mr Stark admitted that it did, but thought it was right and courteous to let the friends of the bill offer all their amendments before the discussion proceeded

Mr Chase said that as there was nothing in the amendments which was personal to that Senator courtesy did not require him to yield

Mr Chase then proceeded and spoke at length against several of the provisions of the bill and having addressed the Senate over two hours concluded Pending the question the House adjourned

IN THE HOUSE

Bill to authorize certain railroad connections for the European and North American Railway Company, was read a third time

Mr Paine of Hallowell moved to amend the bill by providing that it shall not infringe upon or impair any of the rights of the Somerset and Kennebec Railroad Company and provided the Penobscot and Kennebec Railroad Co shall accept the bill on or before the first day of July next

Mr Paine advocated the amendment as important to secure the rights of the Somerset Co from misconstruction

Mr Fessenden opposed it as unnecessary, and likely to endanger the passage of the bill

Mr North sustained the amendment, explaining its operation and the necessity for it

Mr Smith of Calais briefly opposed it

Mr Paine modified his amendment, and Mr Hill of Bangor addressed the House against it

Mr Morse took the floor and spoke at length in favor of the amendment

Mr Hill replied

Mr Morse further sustained the amendment, and appealed to the House to preserve the rights of the people of the Kennebec valley

Mr Nye of Waterville explained the charters of the A & K R R Co and the P & K R R Co, and contended that the bill is right as it is Mr N gave the history of the contest before the committee He opposed the amendment as useless. There is no intention of interfering with the Somerset road.

Mr Morse asked if that is the case what is the harm in saying so? He proceeded to reply to Mr N's positions

Mr Crosby of Embden contended that the bill is well enough as it is

Mr Garcelon of Lewiston defended the A & K R R Co and its friends, and opposed the amendment.

Mr Sewall stated the exact position of the case and the operation of the bill on the rights of the Somerset and Penobscot Companies urging that the bill injures no rights of the Somerset Co

The amendment was negatived, and the bill passed to be engrossed

NEW HAMPSHIRE FESTIVAL.

The Sons of New Hampshire will hold their Festival at the Bangor House on THURSDAY EVENING March 31st. All descendants of the Granite State resident in the State are cordially invited to participate in this social re-union

The brotherhood are requested to assemble at 6 o'clock Supper will be served at 7 o clock tickets for which (at $2 00 each) may be purchased of any member of the undersigned Committee of Arrangements on the evening of the Festival, or at any time previous

Sold, Wholesale and Retail, by all dealers in medicine in Bangor,

feb15 d&w6m

BE NOT DECEIVED.

Unprincipled men and ignorant quacks have taken advantage of the great popularity and wonderful cures performed by Curtis & Perkins' Cramp and Pain Killer, and are endeavoring to palm off base imitations and counterfeits of this article. Remember the only genuine original Cramp and Pain Killer in the world is Curtis & Perkins', as will fully appear by their right secured for the United States, and no other person in the world is in possession of the secret of compounding the genuine article. Avoid all spurious and miserable imitations, or you may take poison instead of Pain Killer Purchase of our authorized agents. Be sure you get the genuine Curtis & Perkins' Cramp and Pain Killer, and you will be positively sure of relief from pain, and a speedy cure

CURTIS & PERKINS.

Bangor, Sept 22, 1852 3tawd&w

"I DIGEST!" Such is the true meaning of the word "PEPSIN," or of the two Greek words from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID, or GASTRIC JUICE, prepared by Dr. J. S. HOUGHTON, of Philadelphia, from the fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy, for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. See the figure of the Ox, in another part of this paper. [illegible]

TELEGRAPHIC.

TO THE DAILY WHIG AND COURIER

Boston March 29

The Brig Broome from Matanzas, for New Orleans, was fired into by a Spanish Cruiser She hoisted her colors when the Spaniard demanded five dollars for cost of powder The brig paid it, and presented the case to the American Consul at Matanzas, but the Captain declined proceeding further on account of having contracted by the year to trade between Matanzas and New Orleans and feared retaliation by the Spaniards.

☞ The alarm of fire last night, was caused by the slight burning of Mr Leighton's Soap Factory near the Gas works.

WE DAILY HEAR of the most astonishing cures being effected by that great and popular medicine the genuine H G FARRELL'S ARABIAN LINIMENT and—we can truly say from our own knowledge that no medicine ever discovered has performed the same wonderful cures that it has both in man and beast, and it is equally good for both which makes it so truly valuable. It is therefore hailed by the suffering as the greatest blessing of the age and no one would ever allow himself to be without this sovereign balm who had once witnessed its magic power over disease and its wonderful property in relieving pain however severe in a few minutes. We earnestly desire you to call upon the agent who will furnish you free of charge, a small book containing besides other valuable information a large list of certificates from many of the most respectable persons of cures effected by the celebrated medicine, which surely are enough to convince the most sceptical of its transcendant virtues. We notice several certificates of rheumatism cured after the patient had suffered everything but death for five to twenty years. Also cases of paralysis, or loss of use of the limbs, where the flesh had withered leaving nothing apparently but grisly skin and bone, presenting so horrid a spectacle that their FRIENDS LOOKED UPON THEM SEALED while [illegible] pronounced them BEYOND ANY HUMAN EFFORT to relieve. It is the most efficacious remedy known for burns sprains wounds bruises chilblains [illegible] toothache bites of insects and reptiles, sore throat sore or weak eyes tumors [illegible] and is used with unbounded success in all the ailments of horses and cattle such as sweeny [illegible] sprains bruises, wounds stiff neck and joints lameness swelling galls cracked heels sore eyes partial blindness &c. If used in the beginning of fistula poll-evil, ring-bone and spavin it will invariably stop their further progress. Every family should keep this valuable medicine on hand ready for any emergency

LOOK OUT FOR COUNTERFEITS

The public are cautioned against another counterfeit which has lately made its appearance called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits because his having the name of Farrell many will buy it in good faith without the knowledge that a counterfeit exists and they will perhaps only discover their error when the spurious stuff has wrought its evil effects!

The genuine article is manufactured only by H G Farrell sole inventor and proprietor and wholesale druggist No. 17 Main Street Peoria Illinois to whom all applications for Agencies must be addressed. Be sure you get it with the letters H G before Farrell's thus—H G FARRELL'S—and his signature on the wrappers, all others are counterfeits

Sold by INGRAHAM & FULLER wholesale and retail B[illegible] Also by R F Kinsell Oldtown, French & Hamilton, Dexter [illegible] Co Parcher Ellsworth P O Flaherty [illegible] And by regularly authorized agents throughout the United States

☞ Price 25 and 50 cents and $1 per bottle

AGENTS WANTED in every town village and hamlet in the United States in which one is not already established Address H G Farrell as above accompanied with good reference as to character, responsibility &c.

LYON'S KATHAIRON FOR THE HAIR.

LYON'S KATHAIRON,

For Preserving, Restoring and Beautifying the Hair.

CAUSING it to grow luxuriantly, and giving it a soft and curling appearance of the most delightful character The KATHAIRON neutralizes the effects of disease climate and old age, in preserving and restoring the human Hair even after a Baldness of many years—cleanses the scalp from Dandruff and its natural impurities—immediately relieves sympathetic attacks of Nervous Headache, and cures all cutaneous diseases of the Skin such as Erysipelas Salt Rheum, Itch &c— As a

TOILET ARTICLE

for giving the hair a rich soft glossy and curling appearance nothing has ever been discovered to compare with its incontested—its incontestible virtues It imparts the fragrance of the most delightful and exotic flowers and is free from all mineral properties or any substance which can color the skin or stain a lady's hat For

BALD AND GRAY HEADS,

it is pre eminently beneficial The Kathairon restored my hair after a baldness of twelve years A JAY COURTRIGHT 76 Bond st N Y This admirable preparation can be had of all reputable dealers throughout North and South America and the Islands of the Ocean in large bottles for 25 cents

Sold to the trade at a liberal discount but commissioned in no instance

Wilbor's Compound of

PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION COUGHS, COLDS ASTHMA BRONCHITIS GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS

THE Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly that the taste of the Oil which is so nauseous to persons generally is entirely overcome, and it can be taken by the most delicate females with pleasure And as regards the benefit of this article over the clear oil the following case by Prof Stone is sufficient to convince the most skeptical The young lady was twenty four years of age

Her disease was one of unmixed phthisic which had been expected to terminate in the course of a few months fatally The upper part of both her lungs were filled with tubercles and in some places were beginning to soften The case was evidently a bad one The treatment of Cod Liver Oil was at first used but without marked improvement The Phosphate of Lime was then administered with the oil and the result as in the end of many others was soon apparent The patient was rapidly getting well

CAUTION—On account of the great reputation of this Compound for all Lung complaints the subscriber would caution the afflicted against using any except that manufactured by him as he is the only fee person in the United States for combining the pure Oil with lime in a proper manner Therefore as you value your health purchase none except that manufactured by

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS

WITH U.S. PATENT OFFICE,

WASHINGTON

No 22 State Street, Boston

IMPORTANT INFORMATION TO INVENTORS The subscriber (late Agent of the U S Patent Office, under the Act of 1837) determined to present advantages in applying for patents superior to those offered inventors by others has made arrangements whereby on applications prepared and conducted by him THIRTY DOLLARS (instead of twenty as paid back by others) will be remitted by him in case of failure to obtain a patent and the withdrawal through him within thirty days after the rejection Caveats Specifications Assignments and all necessary papers and drawings for procuring patents in this and foreign countries prepared and advice rendered on legal and scientific matters respecting inventions, and infringements of patents

Inventors can not only here obtain their specifications on the most reasonable terms but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works and correct accounts of patents granted in this and other countries, besides being saved a journey to Washington the usual great delay there as well as all personal trouble in obtaining their patents Copies of claims of any patent furnished by remitting one dollar Assignments recorded at Washington
R. H. EDDY,
Solicitor of Patents

"During the time I occupied the Office of Commissioner of Patents R H Eddy Esq of Boston did business at the Patent Office as Solicitor of Patents There were few if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office
EDMUND BURKE
Late Commissioner of Patents

PATENT OFFICE——

R H EDDY, Esq, Boston, Mass

Sir—Your facilities for the prosecution of any business connected with this office are equal to those of any other agent I am very respectfully yours &c THOMAS EWBANK

DR. MORSE'S INVIGORATING CORDIAL.

A GENITAL DEBILITY IMPOTENCY IN [illegible] OR NOCTURNAL EMISSIONS

[illegible] astonishing success which has attended th[illegible] valuable medicine for *Loss of Muscular Energy*, [illegible] *Lassitude and General Prostration* or any of [illegible] consequences of youthful indiscretion or [illegible] indulgence of the passion in riper years renders it the most [illegible] preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy of any [illegible] authenticity received the sanction of the [illegible] Faculty. The WONDERFUL VEGETABLE [illegible] UTION of which this medicine is composed [illegible] tested and its virtues proclaimed by the high[illegible] names of the faculty of London, Paris and the [illegible] cities of Europe as well as by eminent Physi[illegible] this country. It is the only infallible remedy [illegible] NERVOUS HEAD and MIND COMPLAINTS—[illegible] physic a[illegible] sought for and never but re[illegible] the only agent that can a[illegible] to MIND [illegible] SES. It will remove all nervous affection [illegible] DEPRESSION EXCITEMENT incapacity to study [illegible] loss of MEMORY CONFUSION thoughts [illegible] fear of insanity &c. It will re[illegible] appetite renew the health of those who have [illegible] by Sensual Excesses, or evil practices. It [illegible] by some of these disorders emissions [illegible] the fact [illegible]

[illegible] INVIGORATING CORDIAL [illegible] curing these complaints [illegible] and bodily capacity [illegible] following [illegible] conclusive [illegible]

[illegible] of the Massachusetts Insane Hospit[illegible] of his patients [illegible] thus — It gives me pleasure to [illegible] my patient [illegible] procured some Cordial. He [illegible] since he commenced [illegible] had two or three weeks [illegible] says Dr W [illegible] to his full strength. I prescribed the usual [illegible] used in those cases in the hospital but they [illegible] effect. In the mean time he purchased some of [illegible] ordial which has effected a cure. I am [illegible] medicine would [illegible] I shall ever recommend [illegible] an opportunity occur

[illegible] many of the maladies relieved by this Cordia[illegible] generally such as to leave the publication of certifi[illegible] of the question and the proprietor [illegible] most conclusive testimony [illegible] that the great reputation it enjoys was not ac[illegible] obtained but is firmly based upon its positive [illegible] apparently miraculous virtues. In all directions [illegible] and the happy parents of healthy offsprings [illegible] would not have been [illegible] for the extraordinary [illegible] And it is equally potent for many diseas[illegible] it is recommended

THE MEDICAL JOURNALS

[illegible] in a single instance this has been anti-empirical [illegible] preparation of the [illegible] and des[illegible] cases effected radical cures in their patients had [illegible] abandoned and the recondition [illegible] by medical practitioners of high professional char[illegible]

THE COMMON EXPRESSION

[illegible] who have used this Extract is— I had heard [illegible] Cordial highly spoken of, but was one of the [illegible] ulous in regard to [illegible] having tried various [illegible] sold for the same purpose (different bar [illegible]) without deriving any benefit. I had almost [illegible] of obtaining relief when I purchased [illegible] your Cordial. I had no faith whatever [illegible] it [illegible] me—but it [illegible] I feel stronger [illegible] although it is [illegible] three weeks [illegible] half a dozen bottles [illegible] will cure me [illegible] says— I had consulted several distinguished [illegible] Some said I could not be cured others [illegible] this thing and that but [illegible] and none of un[illegible] of your Cordial. I must say it com[illegible] red me

[illegible] others says—"I was surprised at the effect of your [illegible] Why had I not heard of it before? It [illegible] have saved me so much expense, besides years [illegible] and bodily suffering.

[illegible] TION—Ask for Dr Morse's Cordial and take no [illegible] the [illegible] worthless imitations which its un[illegible] excellence fame and popularity have brought [illegible] the market. It will not hurt the most delicate Fe[illegible] but do good. Beware of all other Cordials, &c [illegible]

[illegible] Persons conscious of physical inability fr[illegible] can confidentially consult Dr Morse [illegible] by letter (post paid) at his office 79 Hud[illegible] Street Boston. The [illegible] and medi[illegible] for the speedy removal of each disability will be [illegible] forwarded to the writer's address.

Dr M is prepared to warrant a perfect cure in every [illegible] case he may [illegible]

[illegible] ared by M Morse M D New York city [illegible] put up in bottles with the words "Dr Morse's [illegible] Cordial" blown on the glass. Price $3 per [illegible] bottles $5 [illegible] $10 and $24 per dozen [illegible] [illegible] directions [illegible] each bottle.

THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

The *VEGETABLE PULMONARY BALSAM* is probably without a parallel in having during a period of more than *Twenty-five years* fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS THROAT and CHEST. It has been used with probably greater success than any other article known and Physicians who have had an opportunity of witnessing its highly salutary effects recommend it as a safe and very efficient medicine equal if not superior to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States and was preserved by an individual to whom it gave the most astonishing relief. It is composed of vegetables and used according to directions must be perfectly safe

From Messrs A [illegible] & Co, Merchants, Cincinnati— The persons who have used the Vegetable Pulmonary Balsam [illegible] speak of it as a valuable medicine and from the quantity sold notwithstanding the number of other preparations used for similar complaints we consider it first on the list.

Respectfully &c ALLEN & CO

The Editor of the *Seneca Falls Courier* says— We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family in case of a young lady who has been entirely cured of Consumption by the use of it and also in severe coughs and colds and cheerfully bear testimony to its being a safe convenient and very efficacious medicine in cases of that description.—Ed Courier

A Clergyman from Philadelphia writes that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family for the last thirteen years, and also recommending it to his friends, and consider it an invaluable remedy for all pulmonary complaints

For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the chest as being equal if not superior, to any other medicine within my knowledge.

Lempster N H TRUMAN ABELL M D

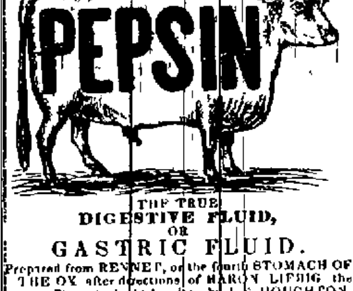
ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S



THE TRUE DIGESTIVE FLUID, OR GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG the great Physiological Chemist, by J S HOUGHTON, M D Philadelphia Pa.

I DIGEST. Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food, the Purifying Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL BITTERS ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG

Half a teaspoonful of Pepsin infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach

SCIENTIFIC EVIDENCE

☞The Scientific Evidence upon which this remedy is based is in the highest degree Curious and Remarkable. Call on the Agent and get a Descriptive Circular gratis giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry Dr Combe's Physiology of Digestion Dr Pereira on Food and Diet Dr John W Draper of New York University Prof Dunglison's Physiology, Prof Silliman of Yale College Dr Carpenter's Physiology, &c together with reports of cures from all parts of the United States.

PEPSIN IN FLUID AND POWDER

Dr Houghton's Pepsin is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians. The Powder will be sent by Mail free of Postage, for one Dollar, sent to Dr Houghton Philadelphia

☞OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J S HOUGHTON M D sole proprietor Philadelphia, Pa. Copyright and Trade Mark secured

☞Sold by all Druggists and Dealers in Medicines — Price ONE DOLLAR per bottle
